

AIMA Blood Donation Drive 2024

Information Sheet

Why Donate?

1 in 3 Australians will need blood or blood donated products in their lifetime.

Over 33,000 donations are needed each week to meet this demand.

That's 1.7 million donations every year, or three donations per minute.

Every 18 seconds, a new blood donation is required to support patients across Australia.

The Australian Red Cross Lifeblood collects around 1.5 million donations annually, but more is still needed to meet the demand.

Who can Donate?

Men and Women

Aged 18-75

Over 50kg

In good health

Feel well on the day of donation

“Help one another in acts of goodness and righteousness.”

Al-Quran 5:2

29

NOV

2024

Make a pledge to donate blood to save lives
